

Example of Geometry Credit Recovery Assignments

Math C: Using Decimals

- Using Geometry Pretest
- Angles
- Parallel Lines
- Congruence
- Similarity
- Transformations
- Using Geometry Posttest

Basic Mathematics:

Number Concepts

- Computation Pretest
- Computation Posttest

Measurement and Geometry

- Measurement and Geometry Pretest
- Reading a Ruler
- Appropriate Units of Measure
- Time and the Calendar
- Temperature
- Money
- Roman Numerals
- Fractional Part of a Set
- Quiz on Lessons 1 through 7
- Terms in Geometry
- Plane and Solid Figures
- Perimeter of a Polygon
- Area and Volume
- Quiz on Lessons 8 through 11
- Problem Solving: Designing a Playground
- Measurement and Geometry Posttest

Intermediate Mathematics: Geometry

- Geometry Pretest
- Units of Length
- Units of Weight and Capacity
- Time Zones

- Angles
- Lines and Angles
- Quiz on Lessons 1 through 5
- Area of Polygons
- Circumference of Circles
- Area of Circles
- Surface Area
- Volume of Prisms and Cylinders
- Formulas in Geometry
- Pythagorean Theorem
- Quiz on Lessons 6 through 12
- Problem Solving: Building a Sandbox
- Geometry Posttest
